A college education requires some breadth of knowledge across diverse fields and perspectives. With this in mind, all students are required to complete a minimum of 12 credits from the list of University breadth courses. This includes 3 credits from each of the four specified categories. Students must earn a minimum grade of C- in each course to meet this requirement. Below is a listing of the courses offered on the Georgetown campus that will meet the breadth requirements. Revised 8/23/19
